DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 71-75, 77-88 and 102-110 are rejected under 35 U.S.C. 102(b) as being anticipated by Ardezzzone (US 4,636,722).

Ardezzzone discloses as follows:

U.S. Patent

Jan. 13, 1987

Sheet 3 of 4

4,636,722

Art Unit: 3726

3. Applicant's arguments with respect to claims as noted above have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. **Please provide reference numerals (either in parentheses next to the claimed limitation or in a table format with one column listing the claimed limitation and another column listing corresponding reference numerals in the remark section of the response to the Office Action) to all the claimed limitations as well as support in the disclosure for better clarity (optional). Applicants are duly reminded that a full and proper response to this Office Action that includes any amendment to the claims and specification of the application as originally filed requires that the applicant point out the support for any amendment made to the disclosure, including the claims. See 37 CFR 1.111 and MPEP 2163.06.**
